Ambassador Nabuco's eldest son was also a member of the party.

An escort of sailors and marines met the body at the navy yard under command of the commandant of the yard and officers of the Mayflower. The Mayflower will arrive in Hampton Roads at 8 o'clock this morning, when the body will be placed on board the North Carolina, which will carry it to Rio de Janeiro, accompanied by the Brazilian battle ship Minas Geraes. NEW SOCIETY LAUNCHED.

Mount Pleasant Citizens' Association Holds First Meeting.

The Mount Pleasant Citizens' Association held its first meeting last night at the Parker apartment house. More than seventy names were on the charter membership roll.

One of the first matters transacted by the association was the adoption of a resolution favoring the establishment of a park on Meridian Hill.

The speech of Richard B. Watrous lauding Washington as an example of excellent civic conditions was the feature of the meeting.

Mr. Watrous said the American Civic Association, of which he is secretary, had been induced to move its headquarters to this city, principally on the grounds that it wanted to teach a lesson to the country from this center.

GALLINGER GETS GAS RESOLUTION

Brown Will Call It Up if It Is Not Reported Soon.

MEANS FIGHT TO THE END

Nebraska Senator Says Tallafiero's Speech Lost Votes—Narrow Margin on First Ballot of 33 to 30—Senate Leaders Decide District Committee Shall Handle Important Question.

Senator Brown yesterday lost his fight to have his resolution providing for an investigation of the Washington Gas Company referred to some committee other than the Senate District Committee, of which Senator Gallinger is chairman. Senator Brown wanted the resolution referred to the Committee on Corporations Organized in the District, of which he is chairman, after the Senate, by the narrow vote of 33 to 30, refused to send it to the Committee on Contingent Expenditures, to which Senator Brown would have been willing to have it go.

Wide interest was displayed in the fate of the resolution, which was given Senator Gallinger's committee by a vote of 37 to 25, after speeches in favor of this course had been made by Senators Gallinger, Lodge, and Aldrich. Senator Martin, of Virginia, also earnestly opposed sending the resolution to other than the District Committee, and a number of Democrats and insurgent Republicans, who had voted with Senator Brown in refusing to table the motion to send it to the Committee on Expenditures, voted to send it to the District Committee after a speech made by Senator Tallafiero, of Florida, Democratic member of the Committee on District Corporations, in which he said it made no difference to him which committee got the resolution.

Tallafiero's Speech Lost Votes. After the fight, which lasted two hours, Senator Brown declared that Senator Tallafiero's speech probably cost a number of Democratic votes and brought about the result.

"If the resolution is not reported out of the District Committee within a reasonable time," Senator Brown said, "I shall call it out of the committee on a question of privilege and we may move to discharge the committee. I do not intend that the plan to investigate this gas company shall be smothered."

Senator Gallinger announced that the bill will probably be referred to a subcommittee of the District in charge of public service corporation matters, of which Senator Carter, of Montana, is chairman.

The debate was an interesting one, and there was evidently feeling between Senators Gallinger and Brown. At one time during the discussion Senator Brown remarked that if the District Committee got the resolution it would result in nothing but an inquiry being made of the Attorney General for information.

"I regard that," Senator Gallinger answered, jumping to his feet, "as an intentional insult to the committee."

Senator Brown was quick to say it was not so intended.

At another point in the debate Senator Brown inquired with earnestness what the Committee on Corporations Organized in the District intended to do, if it were not to have charge of matters affecting corporations organized in the District.

Senator Lodge informed Senator Brown that the committee was probably created merely for the purpose of providing a chairmanship.

Most of those who spoke in favor of giving Senator Gallinger's committee charge of the resolution made it clear that they did not intend the Committee on Corporations to have anything to do with such an important matter as the possibility of investigating a big corporation like the Gas Company.

It was clearly brought out in the debate that the Senate, in originally referring the resolution, which was at first phrased to be a request of the Attorney General for information in regard to the Gas Company, thought it was referring a routine matter to the Committee on Corporations.

The vote was not a strictly party one. It was as follows:

Yes—Aldrich, Bradley, Brandegee, Briggs, Buckner, Burnham, Burrows, Carter, Crane, Cullom, Dick, Dillingham, Du Pont, Ekins, Flint, Gallinger, Gurnie, Hale, Johnson, Keen, Lodge, Martin, Nixon, Owensman, Page, Penrose, Perkins, Richardson, Root, Scott, Smith of Maryland, Smoot, Stephenson, Sutherland, Warner, Warren, and Weaver.

Yes—Donah, Bourne, Bristol, Brown, Burnett, Burton, Clapp, Clarke of Arkansas, Clay, Cummins, Dixon, Fletcher, Gurn, Hughes, Jones, La Follette, Mower, Nelson, Owen, Percy, Purcell, Shively, Smith of South Carolina, Tallafiero, and Taylor.

Palais Royal "Opening"

To-day's the Last Day of Souvenirs.

This Suit to be \$14.85

This Toque and Others to be Only \$7.50.

The Easter "Opening," with complimentary prices as souvenirs, terminates with the closing of the store to-day at 6 p. m. The suit, as illustrated, is one of the many you find marked \$16.50 reduced to \$14.85, because of the "Opening" Souvenir—10 per cent discount. Materials of other suits which you can buy to-day at \$14.85 include all-wool pin-stripe suitings, in greens, grays, and blues; all-wool serges, in black and colors; Shepherd checks, in black and white; cream serges, with black hair-line stripes. Note that all sizes are now here, and that alterations will be made without the hurry and worry that comes nearer to Easter. To-day will be the best day to make a selection—even if we did not deduct one-tenth from the price marked on any garment you decide upon.

Suits, \$16.50 to \$50; Dresses, \$10.98 to \$30

Less 10 Per Cent Discount—If Selected To-day.

If the failures of others were added to our stock; if expensive freaks were here; if the cheap and trashy were tolerated, then would 10, or even 20, per cent discount mean nothing.

You know, or should know, that from \$16.50 to \$50.00, the Palais Royal collection of cloth suits has no rivals this spring.

And when you know—or learn—that owing to conditions in Philadelphia we have made late additions to stock at one-third less than actual value, then will the 10 per cent discount have real meaning.

Quality Silk Waist, Black, for Only \$2.98.

If the "strike" hadn't been in Philadelphia, these garments would be for sale in a leading store there at \$5.00. Their ill wind blows us these good bargains.

A Hat for You.

However clever may be the Parisian or New York milliner, "the hat for you" has to be made by an artist who can see you and know you. You may have little defects to subdue or beauty spots to emphasize; your profile, complexion, and hair have to be studied; then, and then only, is "the hat for you" a possibility.

Eminent Milliners

Are Here.

Is it to be a "picture hat?" Then come here for the cleverest specialist in Washington, noted for just such hats. Another Palais Royal milliner has acquired fame for the smaller hats. Still another for the hats that make elderly ladies such "dears." Girls not yet women, but no longer children, have an artist here who has well earned her a famous reputation.

RIDING COMPANY CHARTERED.

It Will Establish Club at Twenty-second and P Streets.

An important step toward realizing the plans of the Washington Riding Club was taken yesterday when the Virginia corporations commission granted a charter to the Washington Riding Company, with official headquarters in Alexandria. The company is authorized to issue stock at a minimum of \$25,000 and a maximum of \$100,000, and its objects are to equip and maintain a riding club in the city of Washington.

The officers of the company are W. P. Eno, president; I. Baker Greene, vice president, and C. P. Russell, secretary.

The formation of this company is the outgrowth of a movement started several months ago by Clarence Moore and others to establish a riding club at the Capital which should own and maintain a riding academy, hold horse shows, and otherwise cultivate the equestrian art. Property has been purchased for the purpose of establishing the academy at Twenty-second and P streets northwest, the building there to be remodeled and equipped for the purpose of the club.
